## CORPORATE MANAGEMENT OF PURCHASING AND SERVICE MANAGEMENT

Industrial Civil Engineer, with a mention in Projects, from the Universidad Técnica Federico Santa María (UTFSM). He has an MBA from Universidad Adolfo Ibáñez and a degree in Strategy and Management Control from Universidad de Chile. He has more than fifteen years of experience in ENAP in the areas of Strategic Planning, Senior Management support and Procurement. In the last ten years he has been linked to the procurement process of goods and services contracting for the Exploration and Production business, focusing on ENAP Magallanes, and in 2018 he was appointed Corporate Procurement Manager. Since February 2023, he has held the position of Corporate Manager of Procurement and Services Management, incorporating the areas of Procurement and Commercial Administration of Contracts at a transversal level for the entire company.
