**Corporate Refineries Manager**

Mechanical Civil Engineer from the University of Concepción. He has an MBA from the Universidad del Desarrollo and a Master in Organizational Development from the Pontificia Universidad Católica de Chile. He joined Enap in 2008 as a Maintenance Engineer at the Bío Bío Refinery. In 2013 he was appointed head of the Maintenance Department and, in 2017, head of the Operations Department. In 2018 he took over as manager of this refinery, key in the daily commitment to supply fuel to the central-southern area of the country. In 2023, he was appointed Transversal Planning Manager of the R&C Business Line, a role in which he played a fundamental role in the implementation of the Transversal Operational Agreements and Coordination Process (PACTO). Since October 2025, he has been Corporate Manager of Enap Refineries.
