## Corporate Manager of Purchasing and Services Management

Industrial Engineer, MBA from Pontificia Universidad Católica de Chile, with 25 years of experience in mining companies such as BHP Billiton, Codelco, MMG Limited, and Antofagasta Minerals. He has also worked in consumer goods, retail (Walmart and Avon), and consultancy companies, as well as in national and multinational companies, both in Chile and abroad. He has extensive experience in supply chain management, maintenance, contractor management, infrastructure, and business risk detection and management, with skills in solving structural problems that require detailed process review. Before joining Enap, he held the position of Assistant Supply Manager at Minera Centinela, part of Antofagasta Minerals. As of March 2026, he is the Corporate Manager of Purchasing and Service Management at Enap.
